

# *Glamours*

*(Royal Colours x Galida)*

# from Italy to Switzerland

**I**t was a wonderful sunny day when we started our trip from Italy to the wonderful Italian part of Switzerland named Ticino, where we went to the farm Harem stud of Manuela Lucini. It is placed especially in the little village Viglio from the region "Collina d'Oro" or in "English Golden Hill", which is only 2km away from the amazing and well-known city Lugano.

We went to see Manuela for one special reason and the name of this reason is "H" Glamours an exotic straight egyptian young black stallion with a fantastic pedigree. His father is the famous Royal Colours (Ture Colours \* Xtreme Wonder) who was two times Wold Champion in Paris and champion stallion in Dubai, who is himself a legend and owned by Dubai Arabian Horse Stud. The mother of him one beautiful black mare with the name Galida (Coaltwon \* UP Bint Montaha) has also a wonderful pedigree behind going back to the famous Rumanja Ali. She is a wonderful mare but also well ridden under saddler that shows also her great character. Glamours himself has a very exotic short head with a well sated neck and a lot of movement, he did impress us a lot with his presence and attitude – he is also very charming and not shy to as for a cares.

He is starting now he's career as a breeding stallion and will be this year the first time available. So we wish to him and all the breeders will start to belive in him good luck for one interesting future. For any future information please contact Manuela Lucini.
